

## **TIP OF THE WEEK # 65**

### **Pediatric and Adolescent Code Team**

The Pediatric Code Team aims to provide guidelines for initiating immediate life-saving measures and treatment in pediatric / adolescent patients experiencing cardiopulmonary arrest in line with the Pediatric Advanced Life Support (PALS) guidelines.

The Pediatric Code Team should be called for any pediatric or adolescent patient who experiences cardiopulmonary arrest in various locations at AUBMC where pediatrics and adolescent patients are being treated.

Please visit the policy for more details:
