

TIP OF THE WEEK # 82

Filming or Recording

To protect the patient's right to privacy, the use of photography, videotaping, digital imaging, and other recordings in patient care areas at the AUBMC may be permitted **ONLY** after securing a written authorization from the patient or his/her legally authorized representative. The Filming/Videotaping Authorization Form shall be properly completed and signed by the patient or his/her legal representative and one witness.

The use of media interviewing for public use requires the approval of the Medical Center Administration.
