

## **TIP OF THE WEEK # 84**

### **Resuscitative Training**

**All AUBMC staff who provide patient care shall have training on resuscitative techniques. The level of training for staff categories is consistent with their practice as indicated in the policy below.**

**Resuscitative training shall be repeated every two years. It is the responsibility of the heads of departments to ensure that all staff that are required to receive training (as listed in the policy) actually receive the appropriate training on timely basis. The training activity shall be documented in the corresponding personnel files.**

**For further information on this subject please refer to the policy on Resuscitative Training on the Accreditation Office website:**
