Nonsurgical Treatment of an Adult With Mandibular Asymmetry and Unilateral Posterior Crossbite
Patrick Anhoury, Beirut, Lebanon

Ultrasonic bone cutting
Charif Massoud, Marianne Hage, Naji Abou Chebel
American University of Beirut, Lebanon

The Charley Shultz Resident Scholar Award
Calvarial Bone Integration by Bone Marrow Stromal Cells Seeded in Chitosan-sponges
Laeticia J. Nassif
American University of Beirut

AUB’s Share of Presentations
3 OUT OF 86 ORAL PRESENTATIONS
2 OUT OF 39 TABLE CLINICS
1 OF 41 SHULTZ COMPETITORS (1 out of ONLY 3 non USA/CANADIAN participants)
2 OUT OF 240 POSTERS
Saturday, May 2

8:00am-8:45am  Doctor: Evidence-based Ortho (Huang)
8:50am-9:35am  Doctor: Evidence-based Ortho (Ghafari)
9:40am-10:25am  Doctor: Evidence-based Ortho (Vig)
10:30am-11:15am  Doctor: Evidence-based Ortho (Proffit)
1:15pm-2:00pm  Doctor: Aligners (Tuncay)
2:05pm-2:50pm  Doctor: Aligners (Wheeler)

Monday, May 4

8:00am-9:35am  Rising Stars 1 (Flores-Mir, Secchi, Ye, Hatch)
9:40am-11:15am  Rising Stars 2 (Uribe, Molen, Sun, Kadioglu)
11:15pm-2:50pm  Rising Stars 3 (Conley, Papadakis, Macari, El-Bialy)
2:55pm-4:30pm  Rising Stars 4 (Chudasama, Ardeshna, Valiathan, Greenlee)

Tuesday, May 5

8:00am-9:35am  Advances in Ortho 1 (Shuman, Rezk-Lega, Erverdi, Paulsen)
9:40am-11:15am  Advances in Ortho 2 (Chung, Miner, Kucukkeles, Tremont)
1:15pm-2:50pm  Research Award Winners (Vieczl, Aljabeiti, Mukherjee, Wong)
Oral presentations at AAO- Joseph Ghafari in Evidence-Based Practice Session
From Left: Felipe Rezk-Lega, Lysle Johnston, Ramzi Haddad, at Haddad’s Table Clinic: Craniofacial Anatomy in Class III Malocclusion and Its Clinical Implication

From left: Patrick Anhoury, Jose Yammine (of Boston), Joseph Ghafari, Laeticia Nassif, Lysle Johnston, Felipe Rezk-Lega, Anthony Macari, Ramzi Haddad, after Anhoury’s and Haddad’s Table Clinic presentations.

Patrick Anhoury at Table Clinic presentation: Nonsurgical Treatment of an Adult With Mandibular Asymmetry and Unilateral Posterior Crossbite
Evaluation of potential predictors of palatal split in adults, by Chimene Chalala and Joseph Ghafari

Ultrasonic Bone Cutting
Charif MASSOUD, Marianne HAGE, Naji ABOU CHEBEL
Division of Orthodontics and Dentofacial Orthopedics, Department of Otolaryngology Head and Neck Surgery, American University of Beirut

Indications of ultrasonic bone cutting

1. Orthognathic surgery
   I.a. In the maxilla
   Surgically Assisted Rapid Maxillary Expansion

2. Harvesting of bone graft
